NOTICE: Business licenses issued by the City of Elk Grove ("City") shall be issued for tracking and publication purposes only. The City will not review business license applications for compliance with applicable laws, including, but not limited to, compliance with laws applicable to zoning, building, health and sanitation, public safety, contractors, and business regulation. By issuing a business license, the City makes no representation or finding, express or implied, that the business is compliant with applicable laws and regulations, or that the business is otherwise authorized to conduct business in the City of Elk Grove. **Business licensees must comply with all federal, state and local laws, including the Elk Grove Municipal Code. Failure to comply with the law may subject the licensee to legal action by the City and/or third parties; receipt of a City issued business license shall not serve as an excuse for non-compliance with the law.** The possession of either a general business license or special business license shall not be deemed to relieve the holder of the requirement to apply for or obtain any other license or permit required by ordinance or statute.

Under federal and state law, compliance with disability access laws is a serious and significant responsibility that applies to all California building owners and tenants with buildings open to the public. You may obtain information about your legal obligations and how to comply with disability access laws at the following agencies: The Division of the State Architect at www.dgs.ca.gov/dsa/Home.aspx, The Department of Rehabilitation at www.rehab.cahwnet.gov, and The California Commission on Disability Access at www.ccca.ca.gov.
