PRE-ARRIVAL CHECKLIST

COMPLETE THIS LIST OF TASKS **BEFORE** THE ARRIVAL OF YOUR RENTER:

EXTERIOR CLEANING

If you were renting a car, you would want it nice and clean right? It will be the same with the renters. Renting your RV. Make sure you take some time to clean the exterior of the RV. The cleaner the RV the more likely the renter will come back.

INTERIOR CLEANING

Just like the exterior, the inside of the RV should be like it was brand spanking new. Checking into a dirty hotel can be unappealing. Make sure to give a thorough clean before your guests arrive.

TIRE INSPECTION

Tires are very important on the road, make sure to give every tire a thorough inspection. Never allow a rental to occur if there is an unresolved tire issue. Any tires in question should be replaced. The #1 cause of RV accidents is due to tire failure. You should check your tires for:

- ☒ **Wear**
- ☒ **Tread Depth**
- ☒ **Bulges**
- ☒ **Leaks**
- ☒ **Air Pressure**

ROUTINE MAINTENANCE

Like all vehicles, RVs run on oil. Service them before leaving. Maintenance done up front, taking your rig to a dealer will be seen as a positive signal to have it serviced and possibly allow a good way to make sure your RV is ready to go.

FLUID CHECK

Check all fluids levels to make sure they are at least 3/4 full.

- ☒ **Oil**
- ☒ **Antifreeze / Coolant**
- ☒ **Transmission Fluid**
- ☒ **Brake Fluid**
- ☒ **Wash/Wax / Degrease Fluid**

PRE-ARRIVAL CHECKLIST

SIGNALS CHECK

Check all lights and signal lights are in working order on your RV:

|---|--|
| <input checked="" type="checkbox"/> Driving Lights | <input checked="" type="checkbox"/> Emergency Lights |
| <input checked="" type="checkbox"/> Head Lights | <input checked="" type="checkbox"/> Front Turn Signals |
| <input checked="" type="checkbox"/> High Beams | <input checked="" type="checkbox"/> Rear Turn Signals |
| <input checked="" type="checkbox"/> Rear Driving Lights | <input checked="" type="checkbox"/> Brake Lights |

SYSTEMS & FEATURES CHECK

Check all features and systems on your RV:

- | | |
|---|--|
| <input checked="" type="checkbox"/> Generator Check | <input checked="" type="checkbox"/> Appliance Check |
| <input checked="" type="checkbox"/> Awning Check | <input checked="" type="checkbox"/> Electricity Check |
| <input checked="" type="checkbox"/> Slide-Out Check | <input checked="" type="checkbox"/> Water System Check |

PAPERWORK READY

Have all the necessary paperwork printed and ready. This includes your booking voucher, the departure and return checklist as well as any additional contracts or forms you will want signed.

You must take pictures of the RV externally
and internally everytime it is rented
FAILING TO DO SO MAY RESULT IN DEPOSIT RECOVERY
AND/OR CLAIMS REIMBURSEMENT DISCREPANCIES

RV DEPARTURE FORM

This form must be completed for quality assurance, insurance protection and to ensure the best owner & renter experience.

REMINDER: IF YOU HAVE SKIPPED THE PRE-ARRIVAL CHECKLIST PLEASE STOP, GO BACK AND MAKE SURE TO COMPLETE ALL THE TASKS ON THE LIST PRIOR TO ARRIVAL OF YOUR RENTERS.

STEP 1: DAMAGE WALKTHROUGH

The purpose of the walkthrough is to set an agreement on the current condition of your RV/trailer with the renter.

You should complete a comprehensive review of interior and exterior, including undercarriage and roof. Point out all pre-existing damage and use the diagram to show where the damage is located (see page 4) Invite the renter to point out any damage or wear and tear they see as well.

Note Any Interior Wear And Tear Here:

Please spend at least 15 minutes going through your RV/trailer with the renter.

1. Bear hood

2. Bear bumper liner side

3. _____

4. _____

5. _____

6. _____

RV DEPARTURE FORM

STEP 2: RV/TRAILER TRAINING

The purpose of the RV/trailer training is to educate your renter on how to use your RV. Make sure to be as thorough as possible, things that may seem obvious to you, will not be as obvious to your renters.

You are responsible for ensuring your renters have all the proper knowledge in operating your RV. **Please checkmark each step below once it is completed.**

- | | | |
|---|--|--|
| <input checked="" type="checkbox"/> Generator Training | <input checked="" type="checkbox"/> Kitchen Training | <input checked="" type="checkbox"/> Fluids Training |
| <input checked="" type="checkbox"/> Furniture Training | <input checked="" type="checkbox"/> Tire Training | <input checked="" type="checkbox"/> Power Hookup Training |
| <input checked="" type="checkbox"/> Hitch Training (trailers) | <input checked="" type="checkbox"/> Water Hookup | <input checked="" type="checkbox"/> Unit Specific Training |
| <input checked="" type="checkbox"/> Cleaning Training | <input checked="" type="checkbox"/> Slide-out Training | <input checked="" type="checkbox"/> Septic System Training |
| <input checked="" type="checkbox"/> Storage compartments | <input checked="" type="checkbox"/> Bathroom/Shower Training | |

STEP 3: SETUP/TAKEDOWN TRAINING

Once you have completed the main RV training, it is time to show the renter the elements involved in setting up and "taking down" camp with your RV or travel trailer. **If you do have a trailer, this will require, teaching them how to attach and detach the trailer.** Again be very thorough as it may be simple to you, but it won't be very easy to the renter, especially if it is their first time renting.

Allow the renters to take part in the setting up and "takedown" process under close supervision so they fully understand and have the confidence to do it themselves when you are not there.

RV DEPARTURE FORM

STEP 4: DRIVING LESSON

Take your renters on a quick (20-30min) driving lesson around your area. If there is going to be more than one primary driver make sure to allow everyone to have a turn at driving and towing the trailer.

Failing to provide a driving lesson will nullify your case in a disputed claim, so never let a renter take the RV without the test drive.

Check off to acknowledge that you have went over these elements during the test drive:

- | | | |
|---|---|---|
| <input checked="" type="checkbox"/> Engine Starting | <input checked="" type="checkbox"/> Backing Up | <input checked="" type="checkbox"/> Right Turn |
| <input checked="" type="checkbox"/> Left Turn | <input checked="" type="checkbox"/> Highway Driving | <input checked="" type="checkbox"/> Filling Up |
| <input checked="" type="checkbox"/> Parking | <input checked="" type="checkbox"/> Appropriate Speed | <input checked="" type="checkbox"/> Residential Roads |
| <input checked="" type="checkbox"/> Signaling | <input checked="" type="checkbox"/> Wipers | <input checked="" type="checkbox"/> Highbeams |

STEP 5: FINAL CHECK

Give the RV one last final check. Please Checkmark:

- | | | |
|---|--|--|
| <input checked="" type="checkbox"/> Tire Pressure | <input checked="" type="checkbox"/> Motor Oil | <input checked="" type="checkbox"/> Generator Check |
| <input checked="" type="checkbox"/> Spare Tire | <input checked="" type="checkbox"/> Radiator Fluid | <input checked="" type="checkbox"/> Transmission Fluid |
| <input checked="" type="checkbox"/> Headlights | <input checked="" type="checkbox"/> Mirror Check | <input checked="" type="checkbox"/> Turn Signals |

**Take a picture of the windshield both, left and right side.
FAILING TO DO SO MAY RESULT IN DEPOSIT RECOVERY
AND/OR CLAIMS REIMBURSEMENT DISCREPANCIES.**
